As the Senior Technical Artist, you will work with our team to help imagine, design, prototype and implement ideas that spark awe in our users.

This is a full-time contract position located in Dallas, Texas.

Qualifications

- Experience with Unity
- Experience writing shaders or using node-based shader editors, as well as understanding how to approach optimizing shaders
- Ability to help the team identify performance bottlenecks and optimize content for projects
- Deep understanding of real-time engine render pipeline
- Has a creative eye to improve fidelity and the technical prowess to achieve that task

Plus:

- Experience with C# and/or Python
- Background in one or more of the following creative disciplines: 3D Modeling, Texturing, UI/UX design, VFX
- Experience in shipped VR/AR content

Duties and Responsibilities

- Works with the technical art team to identify ways to improve deficiencies in the production pipeline as well as identify risks and propose solutions for current pipelines.
- Work with art team to address their needs.
- Making shaders and optimizing for lower end hardware VR devices.

Manage real time art pipelines and techniques. Applicants should submit their resume with a link to their portfolio. Resumes should be sent to emily@groovejones.com.
